2 in 1 - Alert / Alarm Mode Function

beep
beep!

siren
sound

ALERT MODE

- Be notified of your surroundings.
- Get a "beep" sound notification when strangers are around your home
- The beep also notifies you when the garage door or any doors or windows are open.

ALARM MODE

- Protect your home while you are sleeping or away.
- By turning on the the alarm mode, the alarm will go off if an intruder tries to break-in.

Features

No Contract

No monthly fees, no hidden costs.

2 Modes : Alert/Alarm

Be notified when someone is around your premises or when someone has entered your home.

Alert Warning

The audio indicator will emit a beep or a siren sound.

Backup Battery

In case of power outage, backup batteries will provide additional protection and uninterrupted runtime.

Operating Range

The operating range is up to 800 feet in an open area.

Expandable System

The system works with up to 16 sensors.

Easy Installation

Simply program the wireless sensors and mount it with a double sided tape in minutes.
