

Keychain/Visor Remote

With passcode protection feature.

Easily replace or add more remotes and control up to three garage doors.

Protect your Keychain with your own Passcode!

Just like your Smartphone!

Unlock before using it, provides additional security, especially leaving your car on the driveway with remote attached to the visor.

Keyless Entry System

Access your garage without a key or remote control.

Backup Battery

Get into your garage every time, even when the power is out.

Built-in light to help you walk in the dark in case of power outage.

SkylinkNet Compatible

Smartphone Garage Door Control

Monitor and control the Garage Door from your Smartphone or tablet by adding the SkylinkNet Internet Hub.
